Dial: +1 669 900 9128 (San Jose)

As Bay Area Air Quality Management District (BAAQMD) continues to reevaluate proposed rules related to the future phase-out of natural gas furnaces and water heaters, this meeting is intended to help residents better understand both the opportunities and the challenges associated with home electrification. It will provide practical, accurate guidance so families can make informed decisions about their homes.

#### TOPICS WE'LL EXPLORE

- ◆ **The importance of electrification**
- ◆ **Exemptions under consideration**
- ◆ **Available rebates & financing**
- ◆ **Real-world conversion experience**
- ◆ **Converting gas appliances to electric**

#### FEATURED SPEAKERS

- ◆ **Bruce Paton** *Building retrofits & climate*
- ◆ **Rhea Grover** *Upcoming requirements*
- ◆ **Pamela Leonard** *Rebates & incentives*
- ◆ **Tim Oey** *Home electrification experience*
- ◆ **Chadwick Strum** *Contractor – conversion process*
